(Incorporated in the Republic of Singapore) Company Registration Number: 197100152R

5. SEGMENT INFORMATION

The Group is principally engaged in the business of underwriting general insurance business. No segment information by geographical location has been presented as the Group's overseas operations in Hong Kong are relatively insignificant.

6. REVIEW OF PERFORMANCE

Gross premium this first half year grew by 84.7% or S\$21.42 million to S\$46.73 million compared to the first half of 2003. The growth was mainly due to the transfer of business from Overseas Union Insurance, Limited (OUI) to the Company and new business generated from cross selling activities with the parent bank. Excluding the transfer of business from OUI, the growth rate would be 48.8% or an increase of S\$12.34 million.

Net underwriting profit this first half year decreased by 12.3% or S\$0.33 to S\$2.38 million compared to the first half of 2003 due mainly to higher net incurred claims, management expenses and the need to maintain higher unearned premium reserves of S\$7.07 million caused by the growth in business. Non-underwriting income rose by S\$1.60 million or 45.6% compared to the first half of 2003 due mainly to profits from the sale of investments.

In the opinion of the Directors, no item, transaction or event of a material and unusual nature has arisen in the interval between 30 June 2004 and the date of this announcement which is likely to affect substantially the results of the Company and the Group for the current financial year.

7. PROSPECTS FOR THE NEXT REPORTING PERIOD AND THE NEXT 12 MONTHS

The trend of premium rate erosion and uncertain investment climate will continue to pose a challenge for insurers. However, underwriting profitability will continue given the Group's prudent approach and widening customer base. With greater economies of scale, the Group will be able to raise productivity, cut costs and deliver competitive products as against simply cutting premium rates.
