4. REVIEW OF PERFORMANCE

- (a) The financial statements are prepared in accordance with Singapore Financial Reporting Standards and are expressed in Singapore dollars. Except as stated in 4(b) below, the same accounting policies and computation methods have been adopted in the financial statements for the year ended 31 December 2003 as those for the year ended 31 December 2002.
- (b) Following the Monetary Authority of Singapore's revision of Notice to Banks MAS 605 on Revaluation of Assets which allows banks to mark to market their trading portfolios, the Group has changed its accounting policy as follows:
 - All securities held for trading are stated at market value (formerly: lower of cost and market value on an aggregate basis);
 - Government bonds, other than those held for trading, are stated at cost (adjusted for amortisation of premium/discount) less provision for diminution in value that is other than temporary, on an individual basis (formerly: lower of cost and market value on an aggregate basis).

The change in accounting policy has been applied retrospectively and the comparative figures have been restated accordingly. As a result of the change, the Group's net profit after tax ("NPAT") for the year ended 31 December 2003 increased by \$33 million while the Group's NPAT for the year ended 31 December 2002 decreased by \$58 million.

- (c) The Group recorded a NPAT of \$1,202 million for 2003, an increase of 19.5% over the \$1,006 million registered for 2002. The increase in NPAT was mainly due to higher non-interest income and lower provision charges which were partly offset by lower net interest income.
- (d) The Group's operating profit before goodwill amortisation and provisions increased 5.3% to \$2,064 million for 2003 compared to \$1,960 million for 2002. The increase was mainly due to a growth of 4.1% in total income to \$3,160 million from \$3,034 million for 2002. The growth was primarily driven by higher fee and commission income derived largely from investment-related, loan-related and trade-related activities, higher net profit from dealing securities, government securities and derivatives, as well as higher foreign exchange profits. These were partially offset by lower net interest income which was mainly due to lower contributions from inter-bank money market activities as a result of the low and flat interest rate yield curve.

The Group's total operating expenses, comprising staff and other operating expenses, increased 2.0% to \$1,095 million for 2003 compared to \$1,074 million for 2002. Staff expenses decreased 0.9% to \$532 million, while other operating expenses increased 4.8% to \$564 million. The increase in other operating expenses was mainly due to higher advertising and marketing costs, as well as higher commissions paid. As a result of the higher growth in total income compared to the growth in total operating expenses, the expense-to-income ratio of the Group improved to 34.7% for 2003 from 35.4% for 2002.

(e) The Group's provision charges decreased 22.2% to \$362 million for 2003 compared to \$465 million for 2002. The decrease was largely attributable to lower specific provisions for loans which were in tandem with the decline in non-performing loans ("NPLs"), as well as lower specific provisions for diminution in the value of investment securities.

- (f) Share of profit of associates (before tax) declined 13.1% to \$107 million for 2003, mainly due to a one-time exceptional gain recorded by United Overseas Land Limited that arose from the sale of the Tiong Bahru Plaza retail mall in the first quarter of 2002. In addition, there was no share of profit from Haw Par Corporation Limited which ceased to be an associate of the Group following its divestment in December 2002. These were partially offset by higher contributions from other associates.
- (g) The Group's loans and advances increased 0.7% from \$58,884 million as at 31 December 2002 to \$59,297 million as at 31 December 2003. Despite the weak economic conditions, the Group's NPLs declined \$519 million or 9.1% to \$5,160 million as at 31 December 2003 compared to \$5,679 million as at 31 December 2002. Consequently, Group NPLs (excluding debt securities) as a percentage of gross customer loans decreased 0.9% point to 8.1% as at 31 December 2003. Of the total Group NPLs, \$2,804 million or 54.3% were secured by collateral, and \$3,306 million or 64.1% were in the Substandard category.
- (h) Total cumulative specific and general provisions of the Group were \$3,332 million as at 31 December 2003 compared to \$3,504 million as at 31 December 2002. General provisions were \$1,422 million or 42.7% of total cumulative provisions. The total cumulative provisions as at 31 December 2003 provided coverage of 64.6% against Group NPLs and 141.4% against Group unsecured NPLs, compared to 61.7% and 138.3% respectively as at 31 December 2002.
- (i) Total assets of the Group increased 5.6% to \$113.4 billion as at 31 December 2003 compared to \$107.4 billion as at 31 December 2002. Shareholders' funds of the Group rose 5.3% to \$13.3 billion as at 31 December 2003, resulting in an increase in the net asset value per share to \$8.45 from \$8.03 as at 31 December 2002.

5. DIVIDEND

Together with the interim dividend of 20% or 20 cents per share paid previously, the total dividend for the financial year ended 31 December 2003 would be 60% or 60 cents per share (2002: 58.8% or 58.8 cents per share, including a special dividend of 18.8% or 18.8 cents per share by way of a distribution in specie of 64.3 million shares in Haw Par Corporation Limited) amounting to a total net dividend payment of \$736 million (2002: \$720 million).
