5. **SEGMENT INFORMATION**

The Group is principally engaged in the business of underwriting general insurance business. No segment information by geographical location has been presented as the Group's overseas operations in Hong Kong are relatively insignificant.

6. REVIEW OF PERFORMANCE

Gross premium written increased by 4.3% or S\$2.7 million to S\$65.8 million when compared against the preceding year due mainly to growth synergy with the parent bank. For comparison purposes, this increase did not take into account the one-time transfer of a portfolio of unexpired gross premium reserve of S\$9.1 million from Overseas Union Insurance, Limited (OUI) which took place in year 2004.

Net underwriting profit rose by 50.9% to a record high of S\$11.0 million. The substantial increase was made possible because of higher earned premiums, reduction in net commissions, management expenses and provision for bad debts. Arising from the Scheme for transfer between the Company and OUI, a provision of S\$1.5 million was set aside earlier as a valuation adjustment to the claims reserves that were transferred from OUI. This provision which formed part of the net claims incurred of the Company amounted to S\$0.8 million as at 31 December 2005.

Non-underwriting income also rose by 87.7% to S\$14.0 million due mainly to the recognition for the first time this year of an unrealised profit of S\$5.6 million resulting from the classification of about 73% of the Group's investment portfolio securities as "Fair Value through Profit or Loss" securities in accordance with the new accounting standard FRS39-Financial Instruments: Recognition and Measurement.

Consequently, profit before tax increased to a record of S\$25.0 million due to positive contribution from both underwriting and investment income.

In the opinion of the Directors, no item, transaction or event of a material and unusual nature has arisen in the interval between 31 December 2005 and the date of this announcement which is likely to affect substantially the results of the Company and the Group for the current financial year.

7. PROSPECTS FOR THE NEXT REPORTING PERIOD AND THE NEXT 12 MONTHS

By continuing to pursue a proven policy of judicious risk management in underwriting and investment and by leveraging on the continued growth of the parent bank in the region, the Company expects the profitable trend to extend into the next reporting period and the next 12 months.

The accounting policies and computation methods adopted in the financial statements for the year ended 31 December 2005 are the same as those adopted in the preceding year, except for changes required by the new or revised FRS.
