#### 6. SEGMENT INFORMATION

The Group is principally engaged in the business of underwriting general insurance business. No segment information by geographical location has been presented as the Group's overseas operations in Hong Kong are relatively insignificant.

#### 7. REVIEW OF PERFORMANCE

Gross premiums increased slightly by \$\$0.32 million or 0.6% to \$\$54.62 million as compared with the same period last year. This was achieved despite a reduction in renewable premiums which were more than offset by the premiums derived from new businesses which continued to expand encouragingly in the face of stiff competition.

Underwriting profit rose by \$\$1.71 million or 22.8% to \$\$9.19 million due to lower net incurred claims and higher recovery of commission from reinsurers. Non-underwriting income decreased by \$\$3.33 million or 26.2% to \$\$9.40 million largely due to unrealised losses on investments classified as "Fair Value Through Profit or Loss" securities under the accounting standard FRS39 – "Financial Instruments: Recognition and Measurement" in the current period as compared to unrealised gains in the corresponding period last year.

As at the end of the third quarter of 2006, the provision of S\$1.50 million made early last year for valuation adjustment arising from the Scheme for Transfer involving the ©mpany and Overseas Union Insurance, Limited remained adequate.

Overall profit before tax decreased by \$\$1.62 million or 8% to \$\$18.59 million due to lower investment income.

In the opinion of the Directors, no item, transaction or event of a material and unusual nature has arisen in the interval between 30 September 2006 and the date of this announcement which is likely to affect substantially the results of the Company and the Group for the current financial period.

#### 8. PROSPECTS FOR THE NEXT REPORTING PERIOD AND THE NEXT 12 MONTHS

Intense competition is likely to continue in the domestic market resulting in reduced premiums and lower underwriting profits. In the recent past, renewals had traditionally contributed to the increase in premium income. Under the prevailing competitive environment, the organic growth factor would appear to have turned negative. Consequently, to sustain future growth, the premium generated from new businesses will have to be more than that required to offset the loss of premiums from renewals. Non-underwriting income is expected to move in line with sentiments in the financial markets. Nevertheless, the Company's profitability in both underwriting and investment income can be expected.

#### 9. ACCOUNTING POLICY

The financial statements, expressed in Singapore dollars are prepared in accordance with Singapore Financial Reporting Standards (FRS). The accounting policies and computation methods adopted in the financial statements for the nine months ended 30 September 2006 are the same as those adopted in the audited financial statements for the financial year ended 31 December 2005.

#### 10. DIVIDEND

No dividend has been declared for the third quarter ended 30 September 2006.

(Incorporated in the Republic of Singapore) Company Registration Number: 197100152R

#### 11. CONFIRMATION BY DIRECTORS
